

# Smart City

## Stay connected

Connect easily the  
internet objects of  
the city

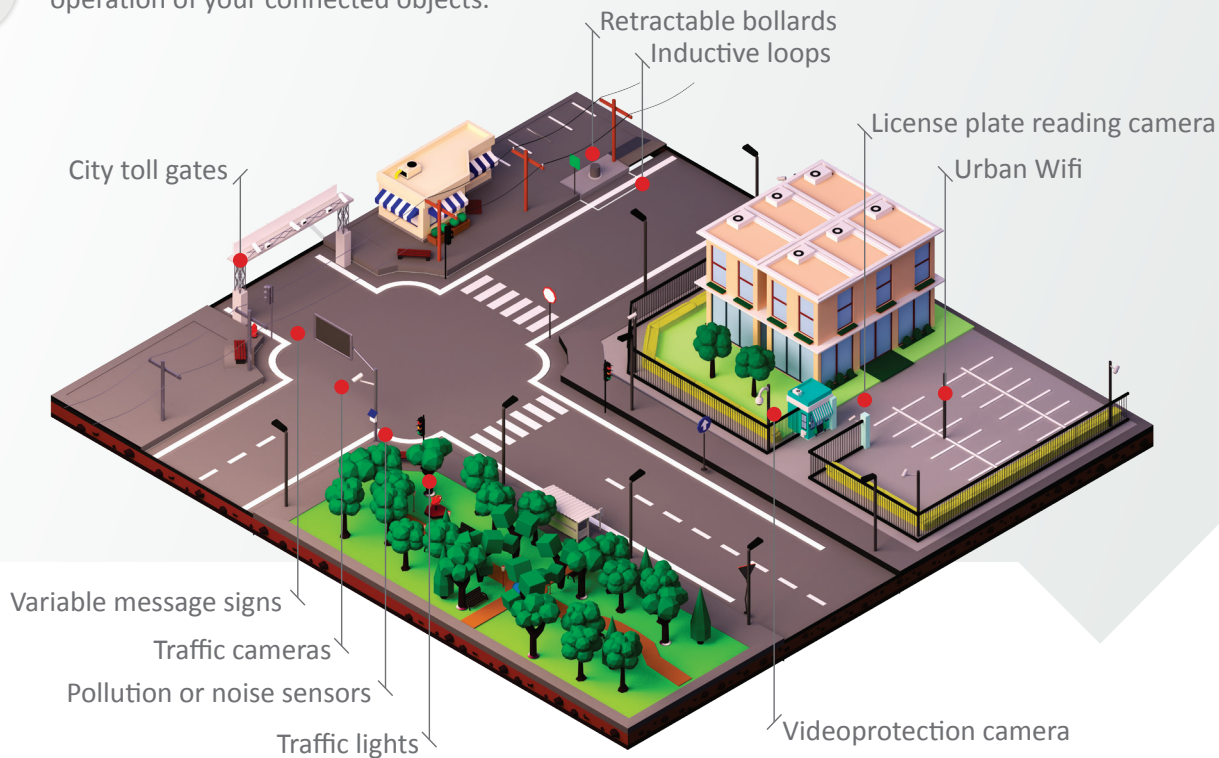

# PROTECT ALL YOUR CRITICAL EQUIPMENT!

Innovative functions reduce your operating costs and improve your services.

The SYNAPS and EPVIDEO product ranges ensure the permanent 24/7 operation of your connected objects.

# EPVIDEO

**EPVIDEO** is a range of products designed to power the city's connected objects from public lighting. Thanks to its battery, recharged at night in the presence of city lighting, **EPVIDEO** connects the videoprotection or other IP objects, protects them and powers them 24 hours a day. The operation of **EPVIDEO** products is guaranteed for the equipment you use. SLAT relies on more than **10 years** of experience and testing of hundreds of cameras, transmitters, recorders, antennas, and more. A certificate of associativity is delivered with each device: it guarantees the correct operation of your system 365 days a year in your city for 5, 7 or 10 years.

# SYNAPS

The products of the **SYNAPS** range interface the connected objects of the **Smart City**, ensure their protection against lightning or power failures, and monitor the proper operation of the connected objects. The range is dedicated to the security needs of outdoor video equipment and fiber, WiFi and mesh security networks.

# SAFE DC

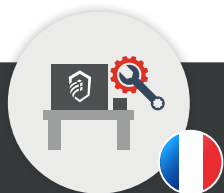

The **Safe DC** range supplies direct current to the city equipment in street cabinets, and protects them from any disturbance of the electrical network. They inform the supervision of alarms and failures.

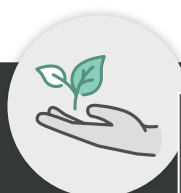

# SLAT

SLAT, French supplier, quality products in connection with the environment.

SLAT ensures the power supply of critical systems for the safety of people, buildings, cities and for the comfort of users.  
SLAT's products provide power to all applications where service continuity is critical.

Based in Lyon, SLAT capitalizes its know-how in high quality products.

SLAT, a **NETZERO** company, is committed to carbon neutrality through continuous improvement.

With SLAT, you choose a reliable supplier **who meets your deadlines.**
